Our Team

The right construction team offers extensive experience, competitive pricing, financial strength, integrity, and a commitment to every project supported by a foundation of quality and workplace safety.

At FAVORITE HOME Construction LLC, we conduct our business with integrity and respect for candidness, truthfulness, and high standards of business ethics. The organization requires that its employees and business partners adhere to these high standards.

Introduction

Over the years, we have completed several successful local construction projects. We are having a broad portfolio of successfully completed projects across a range of sectors including Residential, Commercial, and Industrial.

FAVORITE HOME Construction LLC can deliver any, or all, of the services customers need: from the moment you decide you need new facilities through to running and managing your buildings.

We are proud of the fact that the majority of our workload comes from repeat business and that we have a strong reputation for our competitive edge and reliable execution of all projects undertaken. This is achieved through our relentless attention to detail and an experienced team with the drive and customer focus to ensure client satisfaction is given on all our projects. We continue to invest in modern business practices and management techniques in order to ensure that we remain at the cutting edge of our industry.

Our Values

Working Together,
Delivering the Best

Our Vision

To become a distinctive and world-class construction and infrastructure enterprise committed to quality, timely completion, customer-centric and satisfaction, innovative, sustainable, continuous learning and enhancement of stakeholders' value.

Our Mission

To be recognized as the leading construction company in UAE and in the Gulf Region. We aim to achieve this by our strong commitment to our core values, which drive us to deliver excellence in every project we take over.

Quality Assurance

Quality is of paramount importance to all team members. At FAVORITE HOME Construction LLC, we are continually striving and evaluating to improve the level of service. We ensure the reputation for quality on which we pride ourselves is maintained and grown.

Our Quality Policy is based on the following fundamentals.

1

Provides for long-term quality control through established processes and systems.

2

Nurtures and guides our Quality Culture through its proven policies and procedures.

3

Successfully identifies and controls the quality standard and quality of design as defined by our clients.

4

Insure and Plans for Quality: Identifying measures of achieving the required quality, including construction methods, equipment, materials and personnel.

5

Provides for a process of continuous improvement correcting any potential quality control and deficiencies that may arise.

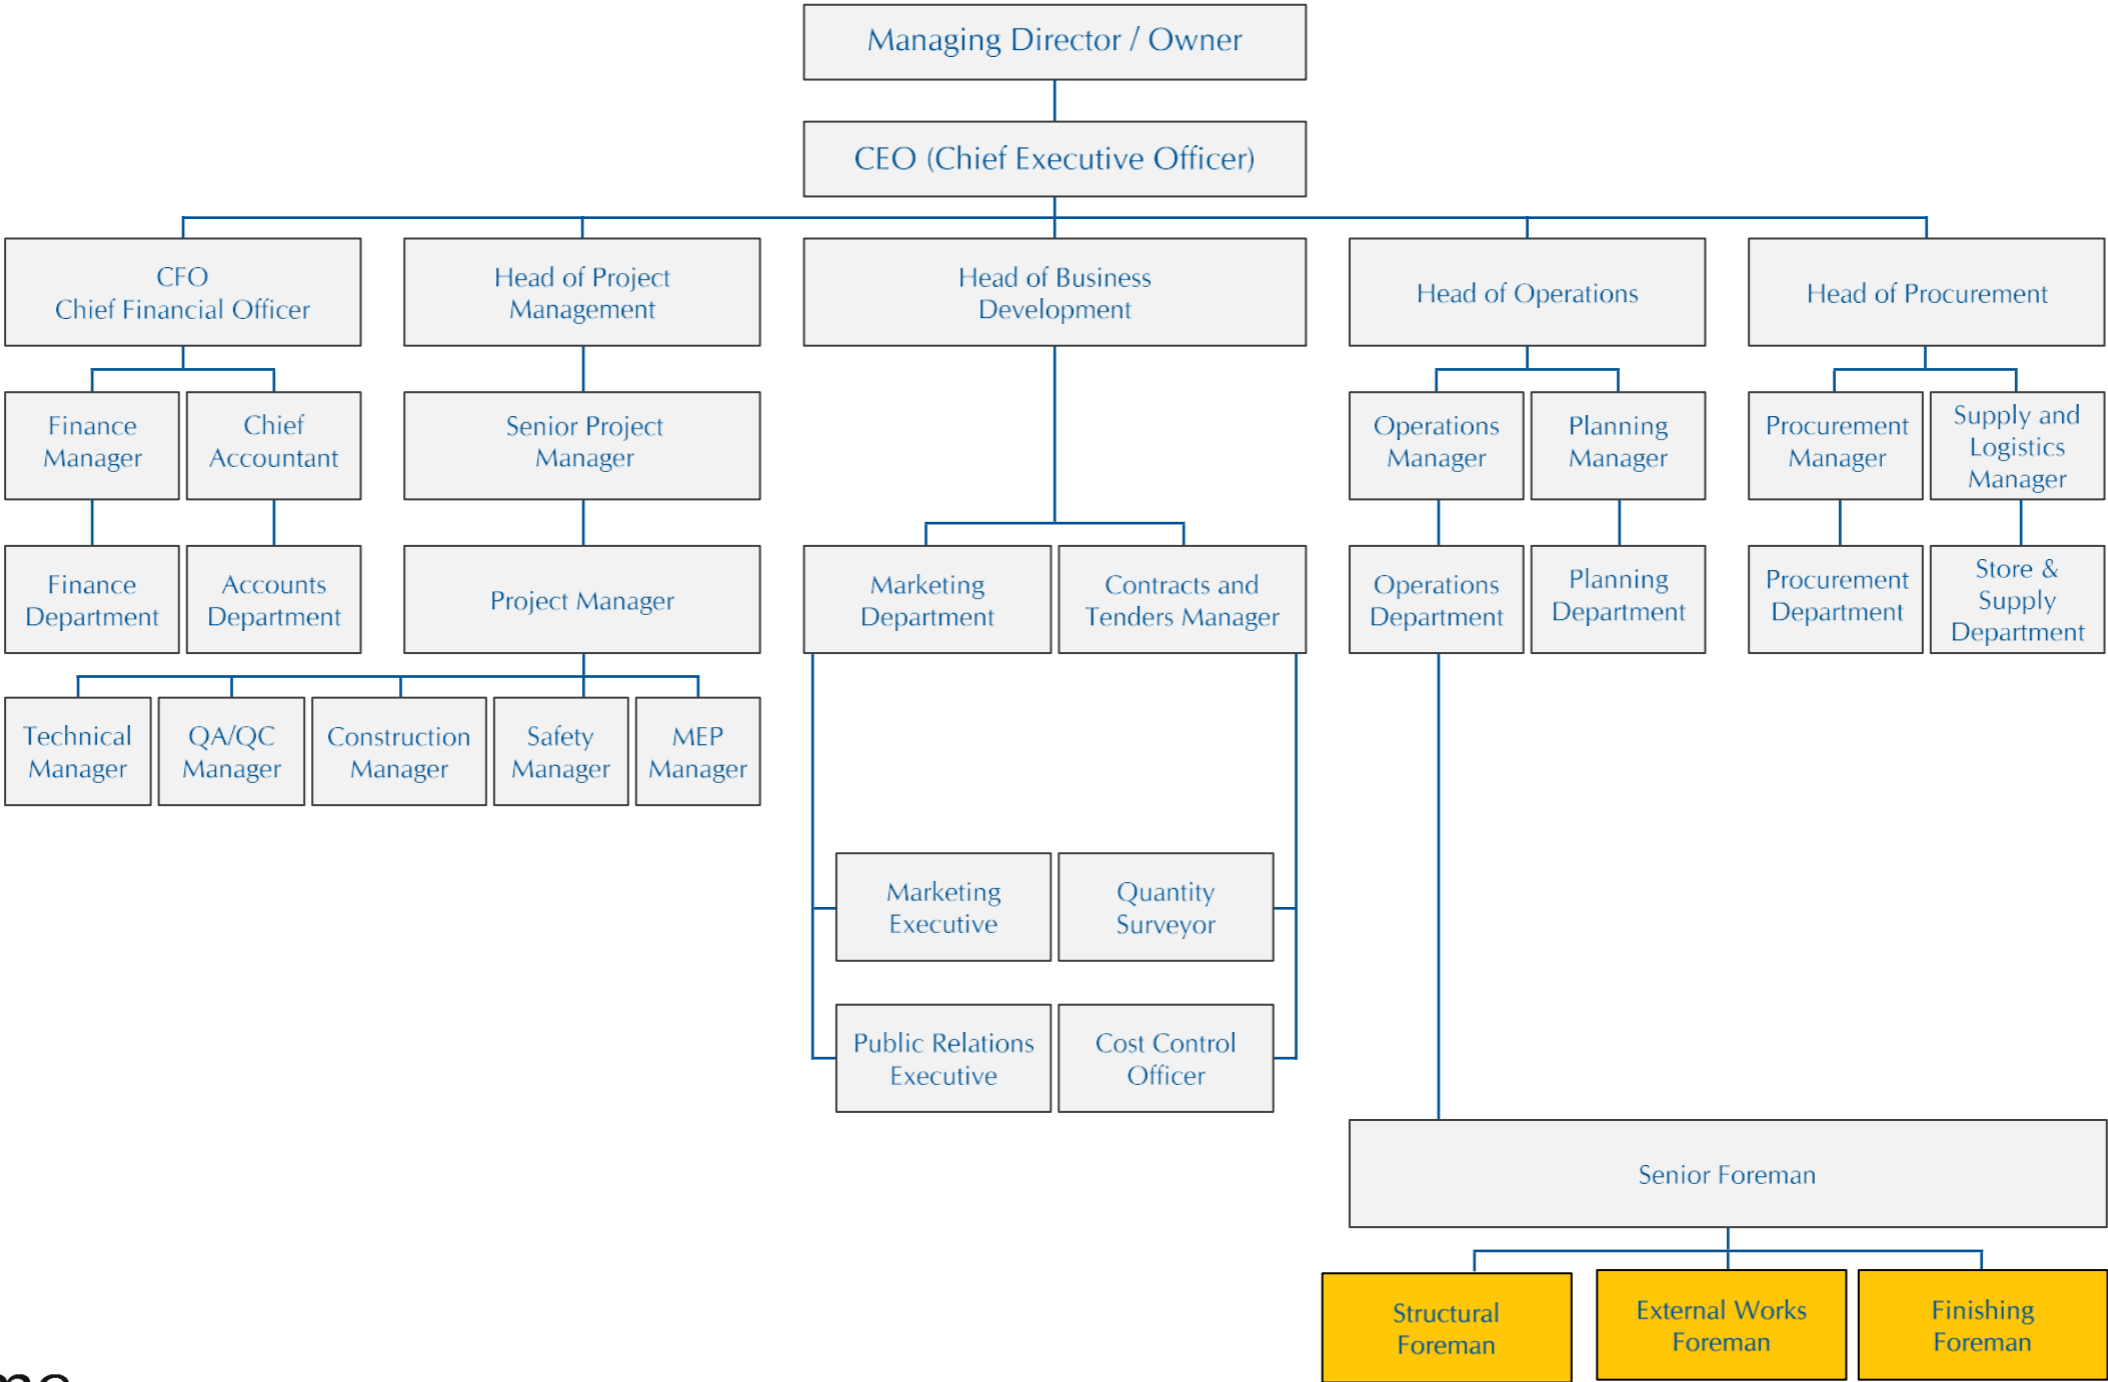

Our Services

At FAVORITE HOME Construction LLC, we strive to provide world-class construction and construction related services across a diverse range of industries and sectors.

Our construction expertise, project approach and our value engineering ability can provide significant cost savings to our clients. We offer a comprehensive range of building services covering commercial, multi-residential and Industrial developments:

Organizationa Chart

Planning & programming: Our planning and programmes describe the sequence in which tasks must be carried out so that a project (or part of a project) can be completed on time.

Design solutions: We have a team of highly qualified architects with extensive experience in designing creative and innovative structures from conception of an idea to design feasibility.

Constructability review: Our construction management team during the design phase offers our clients a detailed review of draft construction plans and specifications to avoid unforeseen omission.

Approvals and documents: we also provide the solution for all approvals and documentation services on behalf of our clients.

Cost estimating: Our financial consultants provide cost effective and value for money financial estimation for each project.

Value engineering: Our team is focused on improving cost reduction, solving problems while maintaining or improving performance and quality requirements.

Scheduling: At CAST Construction LLC the scheduling of each project from the appointment of the consultant team to the appointment of the contractor and setting all the tasks are done efficiently and methodically in order to accomplish the project on time and without any delays.

Construction management: we provide overall planning, coordination, and control of a project from beginning to completion. Our Construction Project Management (CPM) is aimed at meeting a client's requirement in order to produce a functionally and financially viable project.

Program management: Our goal oriented program management team is focused on improvement of overall performance of the projects by adhering good governance, planning, integration, quality assurance and cost effectiveness.

Quality control: Our Quality management team ensures that products and services comply with specified requirements. It not only involves checking the final quality of products to avoid defects, but also checking product quality in a planned way in all the production stages.

Risk and safety management: Risk and Safety management is one of the priorities at CAST Construction LLC, our risk and safety element is designed to mitigate and risk involved in construction process.

Clients: We involve the client in every stage of the project and plan resources for each stage, which is then monitored and reported to the client.
